# Magical Meeting of Life and Nature.

## 200X1200MM

The most important truths are hidden, but this doesn't mean that they don't exist. They are just difficult to find. Geogres is a wood-effect surface contaminated with dusty colours that bring to mind the ancestral charm of the earth and a naturalness made up of sophisticated details.

# A Decor Shining With Flawless Wood

200x1200mm

The naturalness of the series is enhanced by the surface microstructure, perfectly coinciding with the very high resolution graphics, a production synergy that descends from the most advanced digital technology.

# LAYING SOLUTION

The material should be carefully checked before fixing, especially tonality, caliber and choice. Claims cannot be accepted once the material is installed. The company declines all responsibility for laying without joints; minimum joint laying has a gap of 2 mm.
